

THE WHITE HOUSE

WASHINGTON

June 9, 1971

MEMORANDUM FOR:

KEN BELIEU  
DICK COOK  
GENE COWEN  
MAX FRIEDERSDORF  
TOM KOROLOGOS  
JOHN NIDECKER  
JIM HOGUE

FROM:

WILLIAM E. TIMMONS *BT*

SUBJECT:

RN Calls

The President has asked for more creative ideas in relationship to telephone call requests. He is particularly interested in increasing his phone calls to Members of Congress when those can be productive.

Therefore, I would hope each Member of this office could make a point to recommend to me at least one call per week. I will sift through the suggestions and forward them for possible calls.

We should look for unusual ways to better utilize the President's time other than after-the-vote thank yous and pre-vote solicitations which the President seldom does.

Thanks.
